OEM has supposedly given some answers to these questions...Ronnie are you getting Dana Tulis Responses?

- 1. Can you tell me when DuPont submitted its risk management plan for the La Porte plant to the EPA?**
- 2. Was the plan ever reviewed or audited?**
- 3. Did the EPA ever conduct an on-site inspection of the DuPont La Porte plant to assess whether it was complying with the requirements of the risk management program? If so, can I get the details about the findings of those inspections?**
